

Confirmation of Compliance with the Build America, Buy American (BABA) Act

This letter confirms that all Terra-Vault products fully comply with the requirements set forth in the Build America, Buy American (BABA) Act, part of the Infrastructure Investment and Jobs Act (IIJA). This confirmation underscores Terra-Vault's commitment to quality, integrity, and support for American manufacturing.

Compliance Details:

1. Domestic Content Requirement:

- All Terra-Vault products are manufactured in the United States. We ensure that over 55% of the total cost of all components of our manufactured goods is attributed to domestic content, exceeding the required threshold.

2. Construction Materials:

- Terra-Vault uses only U.S.-produced construction materials. Each stage of production, from raw material processing to final assembly, takes place within the United States.

3. Iron and Steel Products:

- All iron and steel products used in Terra-Vault products are produced in the United States.

Documentation and Transparency:

We maintain meticulous records to verify our products' compliance with BABA requirements. This documentation is available upon request and includes proof of origin for all materials and components used in our products.

Commitment to Excellence:

Terra-Vault is dedicated to providing our customers with the highest quality products while supporting American jobs and industries. Our compliance with the BABA Act is a testament to this commitment, ensuring that our products meet stringent quality and regulatory standards.

Thank you for your continued trust in Terra-Vault.

Sincerely,

Dennis W. Koerner
